Unlike traditional gaming platforms where losses are permanent:

TRK System Advantage

- **No full capital wipe-outs**
- **Daily automatic recovery**
- **Predictable protection**
- **Sustainable ecosystem design**
- **Encourages smart, low-risk participation**

Result:

👉 *Play Smart. Stay Protected. Earn Sustainably.*

🔁 Cashback Sustainability Cycle

To maintain long-term stability:

When income reaches cap:

- 400–800%
- Earnings pause
- 400% will change to 300% & 800% will change to 400% after 1Lakh Users Activation Completed in the System With minimum of 10 USDT per ID.

User must:
👉 Re-deposit minimum 100 USDT

Ensures fair distribution and ecosystem longevity.

5️⃣ 🔄 Losers ROI on ROI

Turn your **team's cashback into your daily passive income.**

With **ROI on ROI**, you don't just earn from your own gameplay —
you earn a **percentage of the cashback generated by your entire network**.

That means:

✔ Even when your team loses → you still earn
✔ Even small cashback → becomes compound income
✔ Daily automated rewards
✔ True leverage through network growth

🔄 How It Works

Every day:

1. Your team receives **REAL CASHBACK**

2. **50% of that cashback pool** is allocated for referral distribution

3. You earn commissions based on **level depth**

📊 Commission Structure (15 Levels)

Level Range	Commission %
Level 1	**20%**

Level 2–5   **10%**

Level 6–10   **5%**

Level 11–15   **3%**

The deeper your network grows, the more stable and predictable your daily income becomes.

📈 Theoretical 10-Level Daily Income Scenario

Example: Perfect 5×10 Matrix Growth

Assumptions

- Each user refers **5 people**

- Every user receives **$0.50 daily cashback**

- 50% distributed to uplines

Formula

Income = Team Size × ($0.50 × 50%) × Commission %

🧮 Daily Earnings Illustration

Level	Team Size (5×)	Per User Earn	Your Daily Income
1	5	$0.050	$0.25

2	25	$0.025	$0.63
3	125	$0.025	$3.13
4	625	$0.025	$15.63
5	3,125	$0.025	$78.13
6	15,625	$0.0125	$195.31
7	78,125	$0.0125	$976.56
8	390,625	$0.0125	$4,882.81
9	1,953,125	$0.0125	$24,414.06
10	9,765,625	$0.0125	$122,070.31

🟢 Total Theoretical Daily Income: $152,636.81

✅ Why This Model Is Powerful

Unlike traditional referrals that pay only on deposits:

This system pays on:

- Cashback recovery

- Daily activity

- Network depth

- Passive compounding

Result

👉 Income continues **even during market downturns or losing streaks**

📌 Important Disclaimer

This example demonstrates **theoretical exponential growth**.
 Actual income depends on:

- Real user activity

- Actual cashback generated

- Genuine network expansion

🚀 ECOSYSTEM REWARDS

6️⃣ 🏢 Club Income

🏆 Lead the Network. Share the Turnover. Earn Daily.

The **Real Cash Club Income** is designed to reward **top performers and serious builders**.

Instead of earning only from referrals or cashback, you also receive a **direct share of the platform's total daily turnover**.

💰 Pool Allocation

👉 **8% of total company turnover** is distributed **every day**

This means:

- Bigger platform growth → Bigger pool

- More activity → Higher daily rewards

- Leaders earn consistently

⚙️ Qualification Criteria

Your eligibility is calculated using **Balanced Team Volume**:

📊 50% Strong Leg / 50% Other Legs Rule

- 50% volume must come from your **strongest leg**

- 50% must come from **combined remaining legs**

This ensures:
✔ Fair growth
✔ No one-sided stacking
✔ Real team building

🥇 Payout Logic

- Income is paid **daily**

- Based on **highest rank achieved**

- You receive your **rank's share of the 8% pool**

📈 Rank Structure & Targets

Rank	Pool Share	Target Volume (USDT)
Rank 1	2%	10,000
Rank 2	2%	50,000
Rank 3	1%	2.5 Lakh (250,000)
Rank 4	1%	10 Lakh (1,000,000)
Rank 5	1%	50 Lakh (5,000,000)
Rank 6	1%	1 Crore (10,000,000)

🚀 Why Club Income Is Powerful

Unlike normal commissions:

Club Income is:

✔ Turnover-based (not limited to personal referrals)
✔ Daily recurring
✔ Scales with company growth
✔ Designed for leaders
✔ High-ticket earning opportunity

Example Logic

If daily turnover = $1,000,000
8% pool = $80,000
Rank 1 share (2%) = $1,600 daily

(Actual income depends on total turnover and number of qualified members)

📌 Summary

👉 Build volume
👉 Balance your legs
👉 Reach rank
👉 Earn daily share of the entire ecosystem

Result: Leadership = Passive Daily Income
